

## **INFORMATION ALERT FROM MAIN FACS**

MAIN will be conducting a Disaster Recovery Test the weekend of June 30 - July 1, 2001. During the Disaster Recovery Test, the connection from Lansing to Boulder will be replaced with a connection to our hot site. During the time that MAIN is connected to the hot site, MAIN, including RMDS, will not be available to users. We expect on-lines will be available on Saturday, June 30, 2001.

Agencies that FTP files to and from MAIN FACS could potentially send data to the hot site or pick up outdated data if the FTP is run while the connection is not with Boulder.

If your agency uses an automated FTP that is scheduled to run anytime during the period from 4:00 p.m. Saturday, June 30, until 6:00 a.m. Monday, July 2, it will need to be rescheduled to run at a different time.

Extracts from the batch run on Friday, June 29, should be picked up before 4:00 p.m. on Saturday, or after 6:00 a.m. on Monday, July 2.

### **DO NOT FTP files to or from MAIN FACS during the following periods:**

- **Saturday, June 30, - after 4:00 p.m.**
- **Sunday, July 1, - do not FTP anytime on Sunday**
- **Monday, July 2, - before 6:00 a.m.**

Please share this information with the appropriate staff within your agency.
